Scan from the Access Book of the Museum am Rothenbaum Hamburg MARKK

MARKK-Archiv III Nr. 9: Museum für Völkerkunde Hamburg Käufe und Geschenke 1911-1920

Im Sinne einer größtmöglichen Transparenz gegenüber der internationalen Öffentlichkeit stellt das MARKK hier Scans seiner historischen Eingangsbücher zur Verfügung. Bitte beachten Sie, dass viele der Bezeichnungen in diesen Büchern inzwischen als unzutreffend, veraltet oder rassistisch beleidigend verstanden werden.

Hinweise zur Benutzung:

- Die Bücher enthalten auch Objekte, die einmal im Museum waren, sich aber inzwischen aufgrund von Kriegseinwirkung, Objekttausch, Restitution oder Zerfall organischen Materials nicht mehr oder nicht mehr komplett im Museum befinden.
- Aus datenschutzrechtlichen Gründen können die Eingangsbücher zurzeit nur bis zu einem Stichdatum in den 1940er Jahren zur Verfügung gestellt werden.
- Unter dem Stichwort Museum/ Sammlungen/ Objektsammlungen unserer Webseite finden Sie zusätzlich getippte und durchsuchbare Listen der Regionalsammlungen. Diese Listen enthalten auch später eingegangene Objekte, jedoch ohne die Namen der Einlieferer.

In order to maximise transparency *for the international public, the MARKK provides scans of its historical access books here. Please note that many designations in these books have been identified as faulty, outdated or as racist abuse since the book´s original conception.*

Instructions for use:

- *The books also contain objects that were once in the museum but are no longer or no longer completely in the museum due to the effects of war, exchange of objects, restitution or decay of organic material.*
- *For data protection reasons, the access books can at present only be made available up to a key date in the 1940s.*
- *You will also find typed and searchable lists of the regional collections under the keyword Museum/ Collections/ Object Collections on our website. These lists also contain objects received later, but without the names of the consignors.*
